LANE VENTURE®

Casual Luxury For Everyday Outdoor Living

JANUARY 2026 CATALOG

PERFORMANCE OUTDOOR FURNISHINGS FOR OVER HALF A CENTURY | **LANEVENTURE.COM**

Outdoor living at its best

- Custom designs built in just 3-4 weeks in Alabama and North Carolina
- Engineered to be as comfortable as indoor furniture. Try it.
- Commercial-grade aluminum extrusions are heavier duty than other brands
- Architectural-grade, powder-coated finishes are generously applied and baked for durability
- HDPE synthetic wicker with high-content UV inhibitors that is rated for 4,000 hours
- Exclusive solution-dyed performance fabric designs

LANE VENTURE®

PERFORMANCE OUTDOOR FURNISHINGS FOR OVER HALF A CENTURY

Casual Luxury For Everyday Outdoor Living

Whether designing a personal outdoor retreat or a family gathering place, LANE VENTURE provides superior products with discerning details that are timeless and relevant for today's lifestyle. Our designs inspire you to create memorable outdoor spaces with confidence and style.

CASUAL SOPHISTICATION

Understated and refined outdoor spaces are effortless with LANE VENTURE. Begin your curated approach to any project by exploring our product designs, finishes and limitless fabric options.

TIMELESS DETAILS

Our outdoor furniture will enhance any outdoor space. LANE VENTURE designs feature classic lines with discerning details that are timeless and relevant for today's outdoor lifestyles.

ENDURING QUALITY

Our products are specifically designed and manufactured to withstand nature's elements. High quality, weather-resistant materials and finishes include powder-coated aluminum, woven synthetic wicker and teak.

NOTE: While the images throughout this catalog are very good representations of color, variations in printing can occur. Please refer to an actual swatch sample for color before making a final selection.

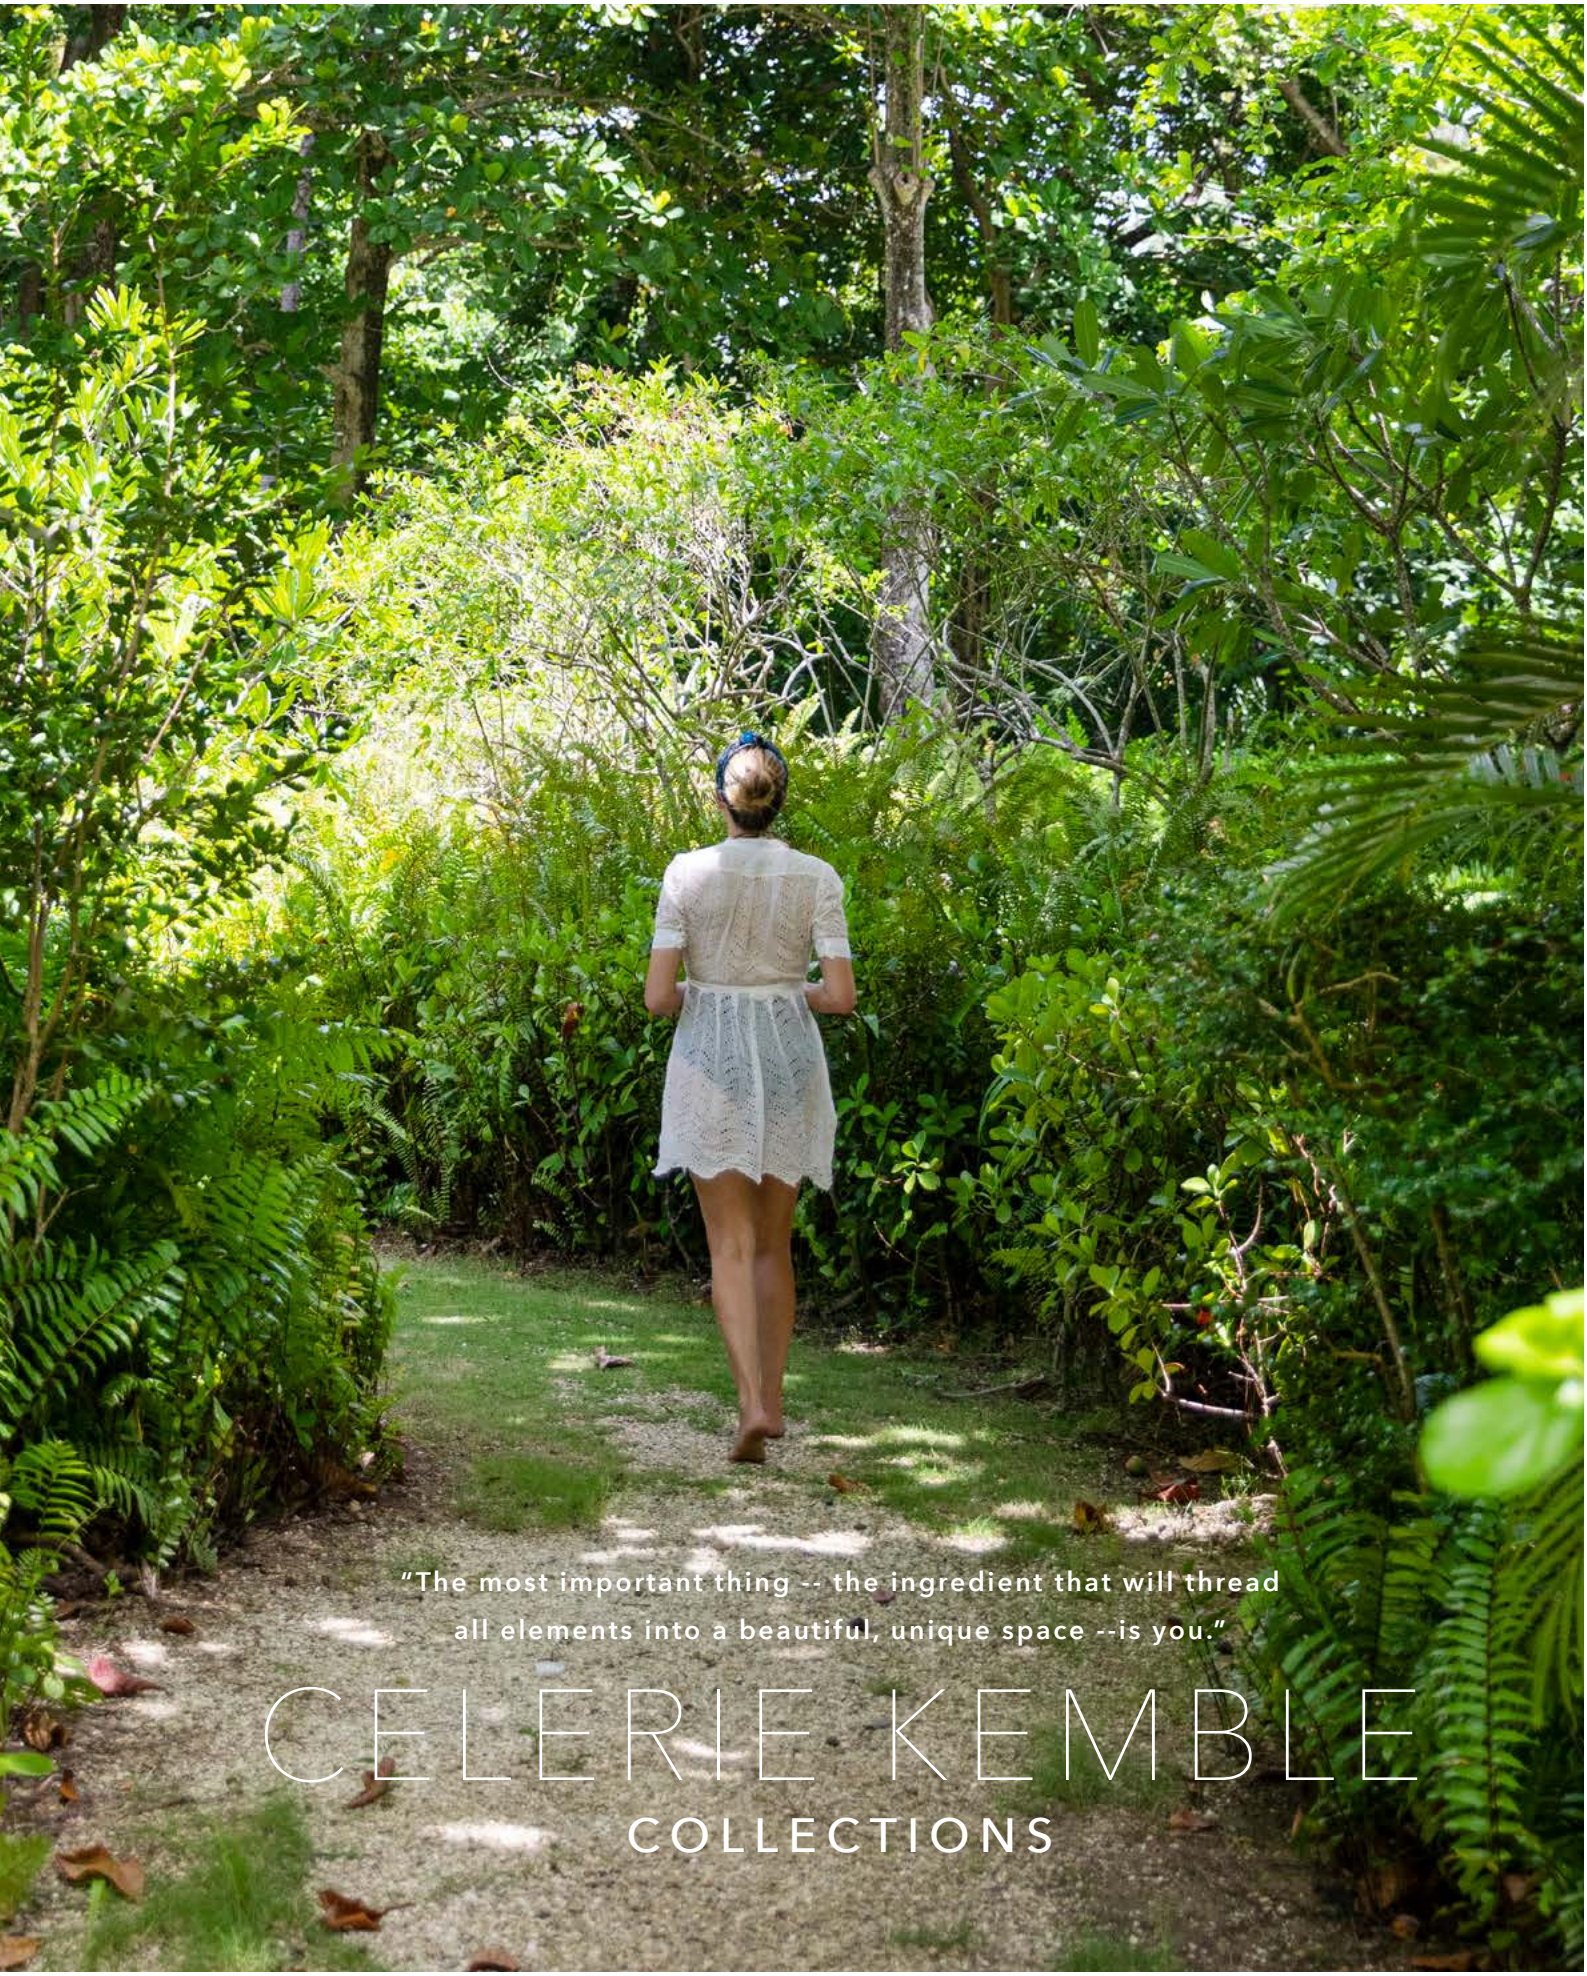
WINTERTHUR ESTATE
COLLECTION

I grew up in Palm Beach so I have the attitude that outdoor furniture is not 'occasional'. It needs to be comfortable, durable and beautiful because it usually resides in the most stunning backdrop of any home - outside!

- Celerie Kemble, designer

A tastemaker known for her candor, humor and approachable design advice, Celerie Kemble has a long-standing collaboration with LANE VENTURE. With a decidedly feminine approach to her collections, Celerie translates her quirky decorating ethos into whimsical details that result in memorable pieces to be cherished for generations.

Explore our website to view all collections from our Celerie Kemble line.
www.laneventure.com



"The most important thing -- the ingredient that will thread all elements into a beautiful, unique space --is you."

PALOMA

- **SHIPS FROM:** North Carolina
- **FRAME:** Hand-crafted from only the finest grade of slow-growing, reforested natural teak.
- **FINISH:** Paloma, as shown. **Multi-step hand-applied** oil based outdoor finish that emulates a weathered teak look. Natural teak is wire brushed to enhance the natural wood grain prior to hand application of the outdoor paint finish. Subtle fading in color and wear of the finish in high contact areas will occur over time. The solid teak below the finish ages over time and will blend with the finish for a consistent look. Teak will gain a silvery patina as exposed to the elements.
- **FEATURES:** Simple clean, modern lines through its design. Faceted arms and subtle radius edges highlight and define the soft curves of the frame. KD (Knocked Down) items ship disassembled to save space and will require assembly.
- **SEAT DECK:** PVC strap
- **STANDARD CUSHION CORE** Fiber coil construction. Fabric casing with drain mesh bottom. Optional fiber-wrapped foam with all fabric casing available.
- **STANDARD CUSHION STYLE:** Box-border, weltless with top-stitch tailoring. Optional box border with self-welt available.
- **FABRICS:** Available in all LANE VENTURE fabrics.

AMERICAN CRAFTSMANSHIP

LANE VENTURE has been a trusted manufacturer for over 50 years and is committed to being a comprehensive resource for high-performance outdoor furnishings. Approximately 40% of our products are manufactured within our two domestic operations located in the southern United States.

Our outdoor upholstery is tailored in Newton, NC while our custom aluminum is built and finished in Haleyville, AL. This streamlined approach to manufacturing allows us to utilize the expertise of dedicated American artisans who take pride in building beautiful, high quality furniture that will last for generations.

OUTDOOR UPHOLSTERY

Luxurious comfort is part of every piece of LANE VENTURE furniture, and outdoor upholstery is no exception. Inspired by the innovative seating seen only at high-end resorts and world-class hotels, our design team seamlessly blends casual styling with tailoring details typically found only in indoor product lines and is proudly manufactured in the USA. Overall proportions reflect today's lifestyles and the latest fashions and take relaxation to a new level. Interpreting your personal style couldn't be easier.

PROUDLY MADE IN THE USA

Explore our website to view all collections from our outdoor upholstery product line.

FINISHING TOUCHES

FINISHES, FABRICS, ACCESSORIES & OPTIONS

FINISHES

LANE VENTURE offers a broad range of captivating styles and materials. While most of our woven and aluminum collections are available with one or two color choices, our custom aluminum designs have a broader choice of finishes for a truly personalized look.

CUSTOM ALUMINUM

Before any color is applied, each piece of custom aluminum furniture undergoes our proprietary 5-step pre-treatment process to ensure a clean surface. The electrostatic powder-coat finish is then baked onto each aluminum frame, allowing the paint to fully bond to the metal and ensuring the highest degree of durability. Besides black and white, our colors include earthy, rich hues and warm and cool neutrals. Fresh landscape-inspired hues are bold, chic and lively.

PRE-FINISHED ALUMINUM

Premium quality cast and extruded aluminum frames feature finishes that vary from intricate natural looks to fashionable solids created with a combination of the latest liquid and powder coat finishing materials and are exclusive to each collection.

WOVEN

Combining synthetic fibers of differing textures and unique colors gives LANE VENTURE hand-woven all-weather synthetic wicker products the look and feel of natural rattan.

TEAK

Natural teak is a low maintenance wood, and we recommend that you allow your furniture to age naturally. After prolonged exposure, teak's original golden honey color will begin to transition to a soft and silvery gray.
Finished teak furniture undergoes a multi-step, hand-applied process that starts with wire brushing to enhance the natural wood grain and emulates a weathered look. As with any painted finish, it will wear over time. Subtle fading in color and wear of the finish may occur.

ACCESSORIES & PILLOW STYLES

PILLOW STYLES

AVAILABLE IN ALL PERFORMANCE FABRICS

All of our decorative toss pillows are made with an encased 100% WeatherMaster gel fiber that is weighed and hand-filled to exacting standards required of outdoor products. This WeatherMaster gel fiber has a "down-like" feel and hand. All of our special order pillows are available in a variety of sizes and can be embellished with self-welt, contrasting welt, and COM fringe and cord options. Pillows are standard with zippered closure.

PILLOW MITER OPTIONS

MUST USE BALANCED STRIPES FOR BEST APPEARANCE

Bold mitering designs turn ordinary stripes into something uniquely custom for any outdoor space. We offer 6 mitered designs for square pillows. Each is available as 20″ or 24″ size. We offer 1 design for kidney pillows. Available sizes are 12″ x 20″ and 12″ x 24″. You may order these as single pillows or in pairs. Please note that the miter design will only appear on the face side of the pillow.

FABRICS

COLOR-PERFORMANCE-DESIGN

Re-define your expectations of luxury outdoor living with fabrics as beautiful as they are durable. Offering superior resistance to rain, sun, and mildew, LANE VENTURE textiles are woven using 100% solution-dyed acrylic, the pinnacle of performance fibers for outdoor spaces. Our curated collection of textiles includes a vast array of textures, stripes and designs captured in color palettes that coordinate with our diverse range of products.

NOTE: While the images in this brochure are very good representations of color, variations in printing may occur. Please refer to an actual swatch sample for color before making a final selection.

BLOCK SHOP

BY sunbrella

Block Shop is a Los Angeles-based textile, art & design studio founded by the Stockman sisters. Together with their global team of artists and craftspeople, they honor the rich history of handmade textiles. Their designs are rooted in traditional block printing techniques from India.

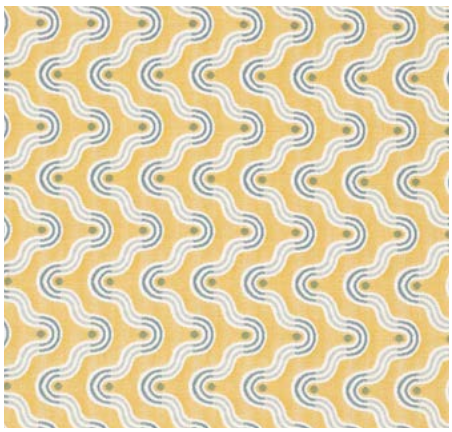
Inspired by the iconic Hollyhock House (c. 1919, Frank Lloyd Wright), the unique Hollyhock Collection by Sunbrella® brings the spirit of this LA landmark into textile design, uniting its distinct geometries in ways that feel fresh and timeless. All fabrics feature the enduring performance qualities Sunbrella® is known for.

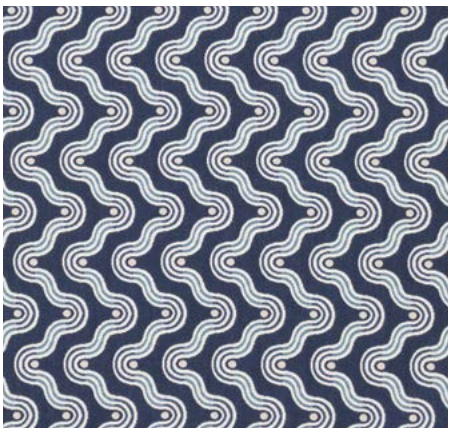
PATTERN INSPIRATION

SPINDLE STRIPE: Inspired by both jagged & round rock formations in the nearby Mojave Desert.

PATTERN INSPIRATION

VERDUGO: This stripe-and-dot motif re-imagines the beloved Verdugo Mountain range and celebrates the beauty & resilience of it.





PATTERN INSPIRATION

TAOS: The signature over-sized repeating grid design is an ode to artist Georgia O'Keeffe's nighttime New Mexico desert.

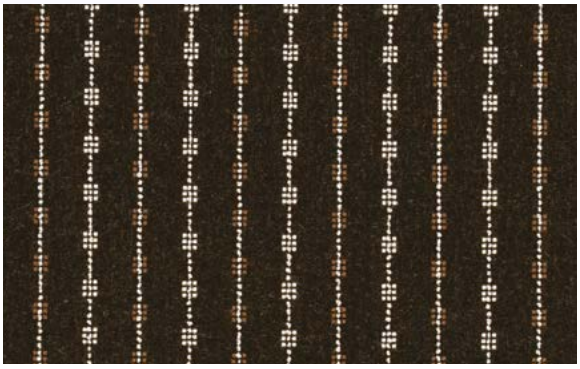
Palette

UNFILTERED BEAUTY

Mocha-hued soil, rich and velvety, offers unfiltered beauty that is raw with its textures. This color palette carries a quiet, timeless energy that preserves the echoes of the landscape's history.



Palette

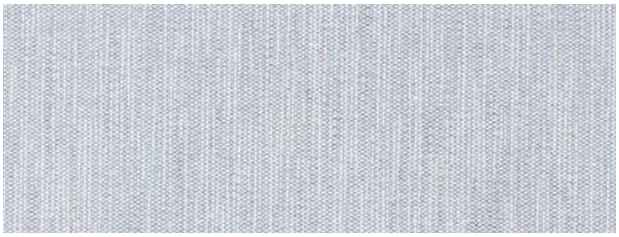
DIFFUSED LIGHT

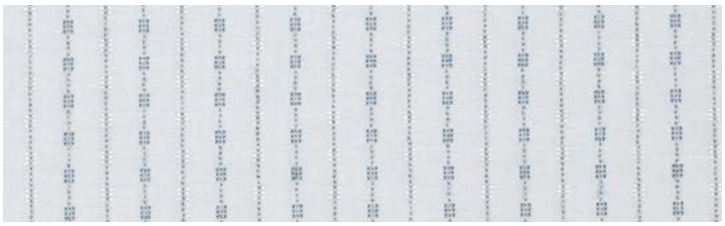
Parchment tones create an understated warmth, lending a sense of calm to a space. These muted monochromatic hues coupled with soft textures create depth and harmony that feels timeless and inviting.

Palette

VERDANT BAY

The stillness of a hidden coastal inlet lined with layered greenery and gentle ripples of water create a palette that expertly mixes rich marine blues with earthy greens. Hints of white keep things light and balanced. This timeless color combination feels grounded, serene and fresh.





Palette

PASTORAL POETRY

There is a delicate beauty with romantic undertones in this color palette. Reflective with a hint of nostalgia, it's a quiet, refined celebration of nature's gentle contrasts.

OUR CUSHIONS

The single element that ties all of outdoor collections together are the unique outdoor cushion options. These options combine a variety of features to create seating that is comfortable, functional, durable and easy to clean. LANE VENTURE cushion casings showcase the superior craftsmanship and cutting standards for which LANE VENTURE is known and are available in all LANE VENTURE premium solution-dyed acrylic fabrics.

FOAM CUSHION

FOAM core cushion construction with superior all fabric casing. The foam cushion features water-resistant ticking, a high-density polyurethane foam core for support and longevity, and an antimicrobial treatment to prevent mold and mildew growth.

FIBER COIL CUSHION-QUICK DRY

QUICK DRY FIBER COIL cushion features a stainless steel coil core with a layered fiber border for supportive comfort, lift, and airflow, along with a superior fabric casing and a drain mesh bottom. This drain-through technology allows water to flow in and out quickly, and an antimicrobial treatment prevents mold and mildew growth.

PREMIER CUSHION

PREMIER cushion is available on select products at an up-charge. The addition of a Reaxion™ foam layer to our standard FOAM cushion provides an anti-microbial, high-density, non-temperature-sensitive cushioning layer bonded to the existing high-density foam. This combination creates a PREMIER cushion that offers uncompromising comfort and longevity, allowing you to “sink” in while still enjoying comfort and support from its soft yet “reactive” characteristics.

FOAM CUSHION

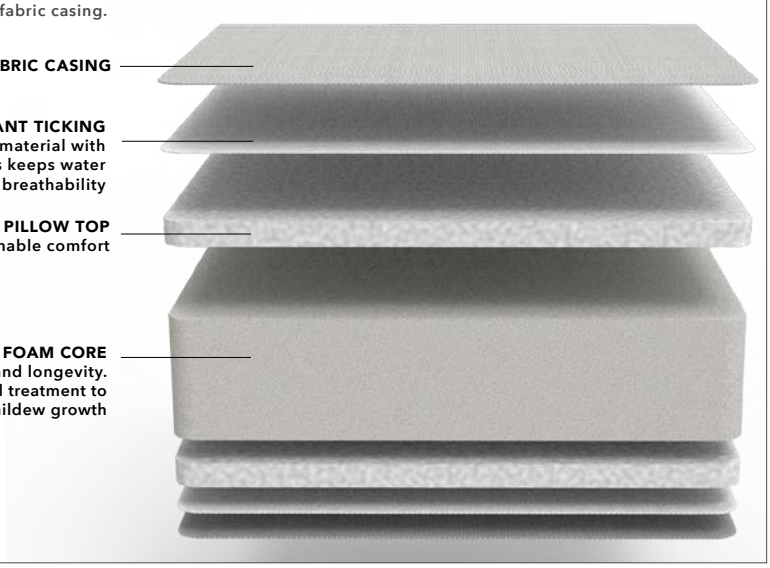
Standard all fabric casing.

OUTDOOR PERFORMANCE FABRIC CASING

WATER-RESISTANT TICKING
Made of non-woven material with sonically welded seams keeps water out and promotes breathability

LAYERED FIBER PILLOW TOP
Provides plush, breathable comfort

HIGH DENSITY POLYURETHANE FOAM CORE
For support and longevity.
ALL materials receive antimicrobial treatment to prevent mold and mildew growth



QUICK-DRY FIBER COIL CUSHION

Standard casing with drain mesh cloth on bottom side.

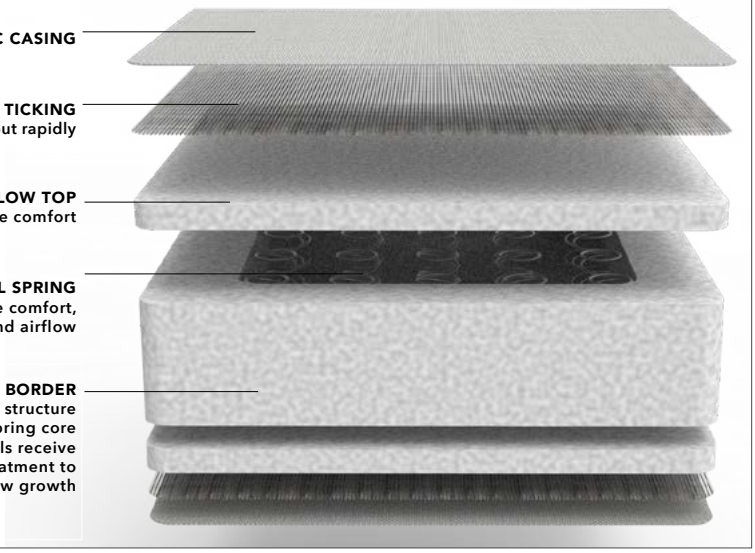
OUTDOOR PERFORMANCE FABRIC CASING

QUICK FLOW MESH TICKING
Allows water to flow in and out rapidly

LAYERED FIBER PILLOW TOP
Provides plush, breathable comfort

STAINLESS COIL SPRING
Adds supportive comfort, lift and airflow

LAYERED FIBER BORDER
Provides a resilient structure for the coil spring core
All materials receive antimicrobial treatment to prevent mold and mildew growth



PREMIER CUSHION

Standard all fabric casing

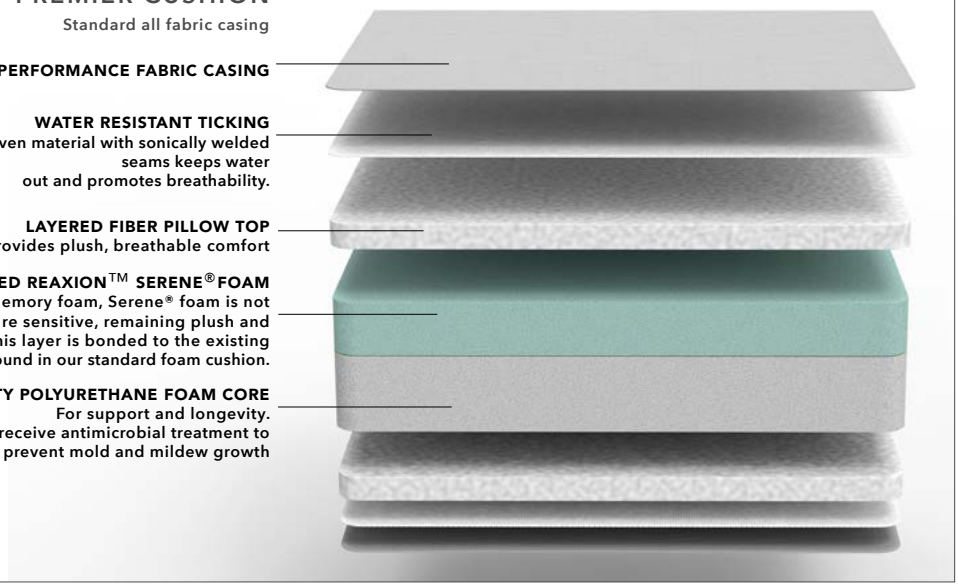
OUTDOOR PERFORMANCE FABRIC CASING

WATER RESISTANT TICKING
Made of non-woven material with sonically welded seams keeps water out and promotes breathability.

LAYERED FIBER PILLOW TOP
Provides plush, breathable comfort

LAYERED REAXION™ SERENE® FOAM
Different from memory foam, Serene® foam is not temperature sensitive, remaining plush and comfortable. This layer is bonded to the existing high density foam found in our standard foam cushion.

HIGH DENSITY POLYURETHANE FOAM CORE
For support and longevity.
ALL materials receive antimicrobial treatment to prevent mold and mildew growth



PRODUCT CARE

MIXED MATERIALS
PRODUCT CARE

FRAME CONSTRUCTION

Each piece is constructed by experienced artisans. Aluminum products are constructed of superior extruded and cast aluminum. Woven wicker components are hand-woven over powder-coated aluminum frames. LANE VENTURE products feature the highest grade of durable aluminum and UV-resistant polyethylene (PE) fibers. Fixtures and jigs specially designed for each collection are used to assure uniform frame sizing during production. Such measures of quality ensure strong, durable and comfortable frames.

FINISH

By combining differing textures and unique colors during the finishing and weaving process, LANE VENTURE is able to achieve a unique richness and depth that gives each collection the look and feel of a natural product and unique finish.

CARE & MAINTENANCE

Minimal maintenance is required to keep your furniture looking fresh.

- Periodically wash with soft cloth, mild soap and water.
- Rinse well.
- Dry with a soft towel or let air dry.
- Avoid harsh abrasive cleaners.

ALUMINUM
PRODUCT CARE

FRAME CONSTRUCTION

LANE VENTURE aluminum products are constructed of superior extruded and cast aluminum. Fixtures and jigs specially designed for each collection are used to assure uniform frame sizing during production. Such measures of quality ensure strong, durable and comfortable frames.

FINISH

Protected by the latest powder-coat finish technology, all LANE VENTURE finishes are applied over premium grade aluminum. Continuous testing for the life of a collection in our on-site weathering facility allows us to develop maximum protection from the effects of sunlight, temperature and environmental factors.

CARE & MAINTENANCE - FRAMES

Minimal maintenance is required to keep your furniture looking fresh.

- Periodically wash with soft cloth, mild soap and water.
- Rinse well.
- Dry with a soft towel or let air dry.
- Avoid harsh abrasive cleaners.

CUSTOM

ALUMINUM

PRODUCT CARE

FRAME CONSTRUCTION

Using only the finest American made raw materials, the LANE VENTURE custom aluminum product line is proudly manufactured in the USA. This dedication to superior manufacturing ensures that we offer the highest quality and most structurally sound aluminum product line in the industry.

FINISH

Every LANE VENTURE custom aluminum frame goes through an elaborate, multi-step, pre-treatment procedure before being individually completed in a state-of-the-art power-coat finishing process. Protected by the latest powder-coat finish technology, you can be assured that it will remain consistent for many years. Continuous testing allows us to develop maximum protection from the effects of sunlight, temperature and environmental factors.

CARE & MAINTENANCE - FRAMES

Minimal maintenance is required to keep your furniture looking fresh.

- Periodically wash with soft cloth, mild soap and water.
- Rinse well.
- Dry with a soft towel or let air dry.
- Avoid harsh abrasive cleaners.

OUTDOOR

UPHOLSTERY

PRODUCT CARE

FRAME CONSTRUCTION

Every aspect of LANE VENTURE outdoor upholstery features elements that allow continuous airflow, quick drying, performance and durability. Each interlocking engineered frame is built in the USA and constructed from multiple layers of premium outdoor Baltic birch plywood and sealed in an outdoor finishing material. Stainless steel hardware is used in all construction points.

CARE & MAINTENANCE

Regular cleaning is the best way to keep cushions and fabrics looking good. Periodically brush off dirt before it becomes embedded in the fabrics and wipe up spills immediately for best results. When you have a new stain, try this cleaning method first.

- Blot (don't rub) liquid spills with a clean, dry cloth. For oil-based spills, apply an absorbent such as corn starch, then remove with a straight edge.
- Spray on a mild cleaning solution of soap (such as Dawn or Woolite) and water: use a sponge or very soft bristle brush to lightly agitate the stain.
- Rinse the fabric thoroughly to remove all soap residue.
- Air dry. DO NOT PUT CASING OR SLIPCOVER IN A DRYER.

TEAK

PRODUCT CARE

FRAME CONSTRUCTION

LANE VENTURE uses only A-grade, plantation-raised teak. Teak is the best wood for luxury outdoor furniture due to its high oil content, which makes it stand up to extreme environmental conditions and insect and rot repellent. Our teak is responsibly sourced from re-forested teak plantations, meaning no natural teak forests are being damaged or diminished. We employ best-in-class construction techniques that include kiln drying, finger joinery and box joints. Together, all of this ensures that your product will withstand prolonged outdoor exposure.

FINISH

Natural Teak

Teak is a low maintenance wood, and we recommend that you allow your furniture to age naturally. Its close, tight grain and abundance of natural oils make teak hard-wearing and highly resistant to rotting, sunshine, snow and rain. After prolonged exposure, teak's original golden honey color will begin to transition to a soft and silvery gray. Natural teak shouldn't be painted or sealed at home; it won't adhere properly and will eventually peel off.

Pre-finished Teak

The Paloma finish is hand applied in a multi-step process that starts with wire brushing to enhance the natural wood grain and emulates a weathered look. The finish is then applied over the brushed natural teak. As with any painted finish, the Paloma finish will wear over time. Subtle color fading and finish wear are normal characteristics. Both the solid teak frame and the applied finish will develop a patina that eventually blends, creating a beautifully consistent appearance.

CARE & MAINTENANCE - FRAMES

Teak expands and contracts with changes in the environment. This movement can cause hairline cracks in the wood and at joint locations. This does not affect the structural integrity of the product and is not grounds for replacement. Due to the high oil content of teak wood, some of it will come to the surface of the product. This appears sometimes as streaks or spots that are brown or red in color. This is natural and unavoidable. As the oil evaporates over a period of months, it will subside. During this oil surfacing, you may notice oil stains on your cushions, particularly if they are light in color. The use of a wood protector will help mitigate some of the oil surfacing and fabric staining.

CLEANING

Minimal maintenance is required to keep teak wood looking good. Dust and dirt can collect on the furniture, and over time may turn into mildew.

Depending on your environment, cleaning is suggested every 3-6 months. Routine cleaning is recommended every 3 months for warm, humid environments, and every 6 months for cool, dry climates.

Periodically clean your furniture using water and a mild cleanser such as dish soap and a soft nylon brush.

WOVEN
PRODUCT CARE

FRAME CONSTRUCTION

Each piece of synthetic wicker is hand woven by experienced artisans over a strong powder-coated aluminum frame. LANE VENTURE products feature the highest grade of durable, UV-resistant polyethylene (PE) fibers. Fixtures and jigs specially designed for each collection are used to assure uniform frame sizing during production.

FINISH

By combining synthetic fibers of differing textures and unique colors during the weaving process, LANE VENTURE is able to achieve a unique richness and depth that gives each collection the look and feel of a natural product. And since the color goes all the way through the fiber, you can be assured that it will remain consistent for many years.

CARE & MAINTENANCE - FRAMES

Minimal maintenance is required to keep your hand-woven synthetic wicker furniture looking fresh.

- Periodically wash with soft cloth, mild soap and water.
- Rinse well.
- Dry with a soft towel or let air dry.
- Avoid harsh abrasive cleaners.

CUSHIONS & FABRICS
PRODUCT CARE

CARE & MAINTENANCE

Regular cleaning is the best way to keep cushions and fabrics looking good. Periodically brush off dirt before it becomes embedded in the fabrics and wipe up spills immediately for best results. When you have a new stain, try at home cleaning method first.

However, if cleaning requires the assistance of a professional cleaner, be sure to inquire about a firm's experience working with outdoor fabrics and knowledge of cleaning and re-treatment requirements.

REMOVING MOLD AND MILDEW

LANE VENTURE fabrics do not promote mildew growth: however, mildew may grow on accumulated dirt if it's not removed from the cushions. To remove mold or mildew:

Prepare a solution of 1 cup of bleach and one fourth cup mild soap per gallon of water.

Spray on entire area and allow to soak into the fabric for 15 minutes.

- Clean entire surface area with a sponge, clean towel or very soft bristle brush.
- Rinse the fabric thoroughly to remove all soap residue.
- Air dry. DO NOT PUT CUSHION CASING IN A DRYER.

- For severe mold/mildew growth, bleach quantities may be increased.

- It is best to clean the entire surface area of the fabric to avoid water rings and stains.

COMPOSITE

DEKTON STONE

PRODUCT CARE

CHARACTERISTICS

Dekton is a carbon neutral ultra-compact porcelain surface with an optimized manufacturing process inspired by the beauty and aesthetics of natural stone that goes beyond nature, achieving the highest product performance.

CARE & MAINTENANCE

• Wash periodically with a clean, damp cloth. If necessary, a small amount of mild dish-washing liquid may be used.

• For stubborn stains that will not disappear with regular cleaning, use the following table as a guide:

STAIN	CLEANING PRODUCT
Coffee, wine	Alkaline detergent, acid
Lime, cement residues, plaster	Acid
Rubber	Degreaser
Candle wax, nail polish, aluminum scratches, silicone residues, ink	Solvent
Grease and oil	Alkaline detergent, degreaser
Ice cream	Alkaline detergent
Liquids and organic residues	Conventional detergent, degreaser
Rust	Hydrochloric acid
Cola, fruit juice	Oxidant

RECOMMENDATIONS

• Wipe spills immediately with a soft, dry cloth. If needed, use warm water and mild dish soap

• Dekton can be nicked, scratched, chipped- especially at the exposed edges. Avoid placing sharp or heavy objects on the surface or hitting the tabletop with heavy, hard objects.

• Avoid placing hot objects directly on the surface.

• Do not let water or other liquids sit on the surface for prolonged periods. Remove any potted plants or bowls after rain showers

HIGH PRESSURE

LAMINATE

PRODUCT CARE

FRAME CONSTRUCTION & CHARACTERISTICS

High Pressure Laminate or HPL tabletops are highly durable and resistant to scratches, impact, and general wear and tear. They can withstand heavy daily use, making them suitable for both residential and commercial environments.

• Excellent moisture resistance, making them suitable for use in areas with high humidity or occasional exposure to liquids.
• Easy to clean and maintain.
• The non-porous nature prevents the absorption of dirt or liquids, simplifying the cleaning process.

CARE & MAINTENANCE

Minimal maintenance is required to keep HPL tops looking fresh. Periodically wash with soft cloth, mild soap and water. Rinse well. Dry with a soft towel or let air dry. Avoid harsh abrasive cleaners as they may damage the surface.

RECOMMENDATIONS

• Wipe up spills promptly to prevent staining or potential damage. Use a damp cloth or sponge to gently blot the spill, and then dry the area thoroughly.

• Although HPL surfaces are heat-resistant, it's advisable to use trivets, hot pads, or coasters under hot cookware, dishes, or utensils. This precautionary measure helps to protect the surface from potential heat damage.

• Use placemats or tablecloths when placing objects with rough or sharp edges on the table.

• Do not let water or other liquids sit on the surface for prolonged periods. Remove any potted plants or bowls after rain showers.
• Avoid dragging or sliding heavy or sharp objects across the tabletop, as they may cause scratches or abrasions.

• Avoid using harsh chemicals, solvents, or abrasive cleaners on the HPL surface, as they may damage the protective layer or affect the appearance of the tabletop. Stick to mild, non-abrasive cleaners specifically designed for laminate surfaces.

LANE VENTURE is committed to being a full-service resource of performance outdoor furnishings. We have two manufacturing and shipping locations: Newton, NC and Haleyville, AL. Our production experts at both factories pay attention to the details of each piece—from cutting, sewing, final inspection and shipping-- because your satisfaction is important to all of us.

Depending on the items purchased, your order may ship from one or both locations. Our knowledgeable and dedicated Customer Service team is here to help answer your questions and assist you through the entire order process.

OUR COMMITMENT

- Ultimate In Luxury Outdoor Design & Comfort
  - Products designed by industry renowned designers, architects and interior designers.
  - Best in class comfort and scale
  - Utmost attention to detail, finishes, and tailoring

- Industry's Leading Curated Line Of Exclusive Fabrics
  - On-trend stocked fabrics woven by leading industry mills.
  - 75% of our fabrics are our own exclusive designs, unavailable to anyone else in the industry

- Superior Cushion Comfort, Made in USA

  FOAM CUSHION
  - High density polyurethane wrapped in water-resistant ticking.
  - Ticking has sonically welded seams that keeps water out and promotes breathability.
  - All materials are treated with anti-microbial to resist mold and mildew growth.
  - Layered fiber pillow top provides plush, breathable comfort.
  - High density polyurethane foam core

  QUICK DRY FIBER COIL CUSHION
  - Promotes fast drying times.
  - Fiber materials do not retain moisture, fights mold & mildew.
  - Features fiber wrap around high-grade spring coil for supportive comfort.

  PREMIER CUSHION
  - High density polyurethane wrapped in water-resistant ticking.
  - Ticking has sonically welded seams that keeps water out and promotes breathability.
  - All materials are treated with anti-microbial to resist mold and mildew growth.
  - Layered fiber pillow top provides plush, breathable comfort.
  - Additional Reaxion™ Serene® layer to our high density polyurethane foam core offers uncompromising comfort and longevity with "reactive" characteristics.

- Industry Leading Cutting & Sewing Standards
  - Fabrics with distinct design repeats are centered and "Flow-matched" across seams and borders.
  - A tailoring skill set known only to premium indoor designer upholstery lines.

- We Accept Designer COM Fabric On All Cushioned Products

- Industry Leading Warranty

- Dedicated Sales & Customer Service Representatives Specialized In Outdoor Products

- Website showcases all products and fabrics
